- ✓ **Everything you need to grow your business/salon/spa is handed to you on a platter**.
- ✓ For salons/spas, owners-**professional salon-size products are available** that you can use in treatments with your clients.

Starting your own skincare range doesn't have to be hard.

NGPL was founded as a result of our founder's experience starting his very own skin and hair care company.

Although he successfully took this brand to an extraordinary stage, he used to work hard day & night mixing products, sterilizing equipment, boxing up orders, re-ordering stock, and replying to emails. Later, one person became a team that formed a company to facilitate you.

It was exhausting, stressful and not a lot of fun.

NutriGlow Private Label takes all this hard work out of the equation for you!

Working with NGPL makes the process of STARTING and GROWING your skincare range easy.

Let us show you how

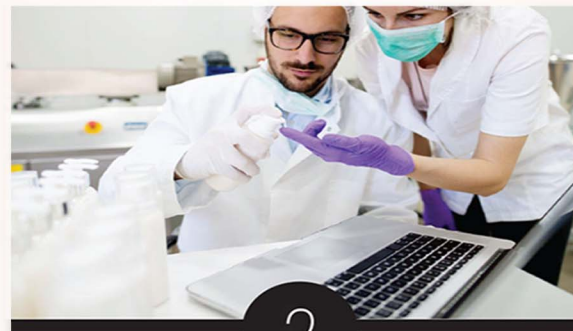

How does the easy process work?

1

Explore our product range

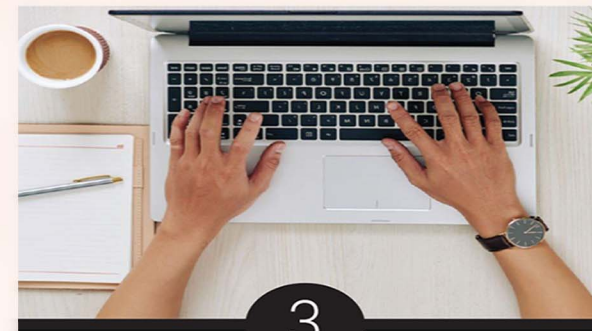

Get a variety of options to choose from

2

Try out our low-cost samples

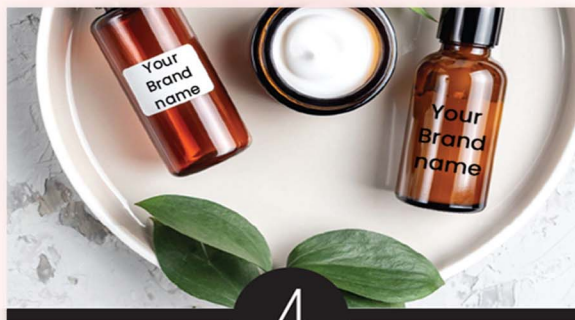

Pocket-friendly & reasonable

3

Finalize your packaging

Safe & attractive design, material selection, and shortlisting

4

Place your order!

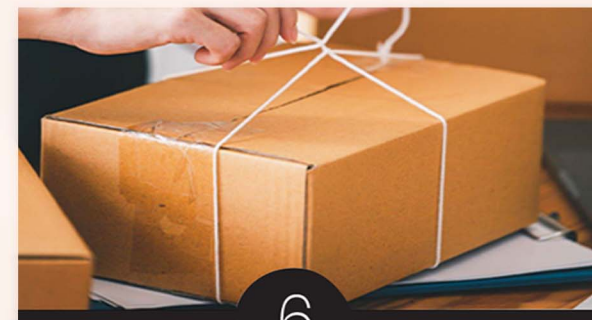

Once you finalize the product, choose the size, type, and quantity to get started & place the order

5

We make, fill & label your products

No need to worry about anything

6

Get set & go-products dispatched from our end

Time to relax & wait for the product to knock on your door

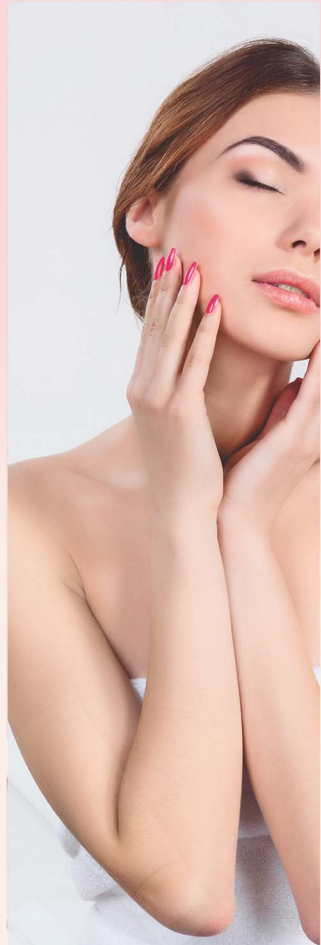

Let's explore these steps in more detail!

Kind to Animals & Planet

No Animal Testing

Animals are never subjected to cruelty under any circumstances

Vegan-Friendly

Our products are 100% Natural, with no animal bi-products used in our formulations. We are proud to be the cruelty & toxic-free product manufacturer. Apart from this, the products you get from NGPL are dermatologically tested & developed in a closed automated manufacturing environment.

Step 2: Try out our low-cost samples

We have samples of all our products

Samples give you the opportunity to smell, feel and use our products (trust us, you'll love them!) Starting at a minimal cost, our samples make trialing our products affordable and risk-free.

Buy our samples individually, or purchase one of our packs - the choice is yours!

Our PACKAGING CATALOG can help you better understand it.

Step 4: Place your order

Our products come in 3 different sizes.

Step 3: Finalize your packaging

NGPL is here to look after all your packaging requirements, such as providing all the packaging options, selecting all the potential packaging & guiding you as per your brand & product line.

Depending upon the various factors such as target market, product characteristics, packaging materials & cost, our team will help you out in shortlisting the best packaging options.

Retail

*Professional
(for salons & spas)*

Bulk

Retail sized products

Retail-sized products come in the following packaging styles: PURE, LUXE, CLASSIC, and NATURAL. You can easily customize all of our packaging with uniquely branded labels.

Luxe Packaging

To add an extra touch of elegance and sophistication to your products

Pure Packaging

Pure packaging comes with attractive caps & colored bottles to stand out

Natural Packaging

This is the very basic & cost-effective packaging option to carry all your products.

Classic Packaging

The most elegant & reasonable packaging option with all-white or all-black containers

Professional-size products

(for salons & spas)

Our professional-size products are larger than our retail-sized products and have been created for salon /spa owners to use in their treatments with their clients.

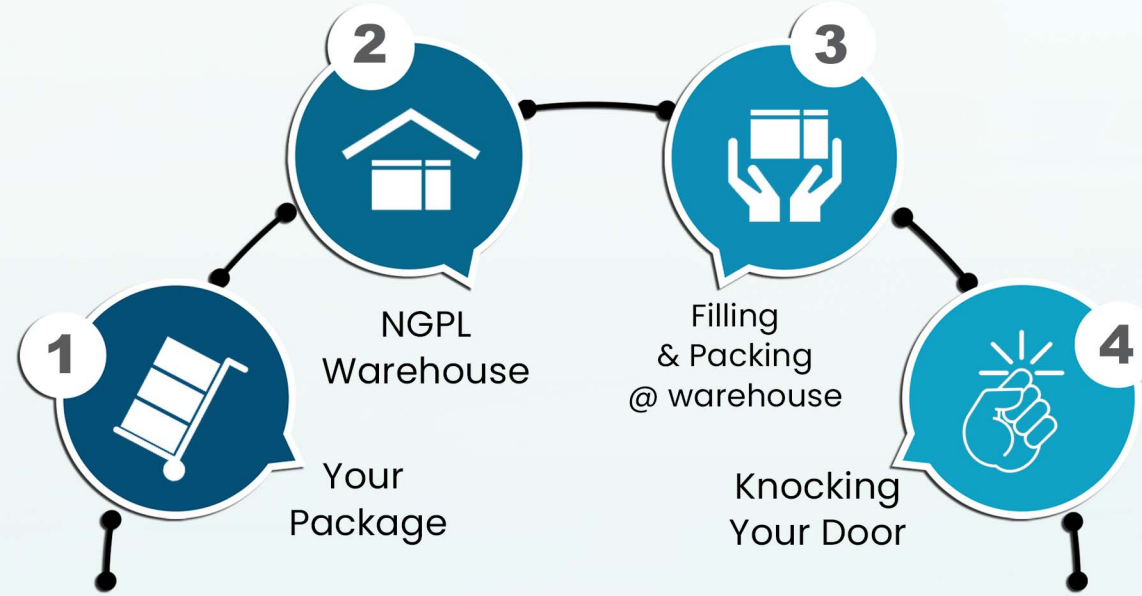

Professional products come with a standard label attached. These labels detail the product name, ingredient list, and directions for use. We do not add your or our details or logo on the label. These can be ordered without labels.

Bulk-sized products

We offer bulk-sized product containers ranging from 5L up to 100L in large-sized bottles, cans, buckets & drums (as shown below) and are perfect for filling your custom packaging.

Want to use your own Unique Packaging and have us fill it for you?

We offer a product-filling service to save you time.

Once your order has been placed, you can post your packaging to our lab, and we will fill your unique packaging on your behalf!

Your products will leave our lab in less than a month (when we receive your packaging).

Shipping

We use multiple couriers, such as Xpressbees, Delhivery, Gati, nimbus & Blue Dart, etc. We use road-based services and do have express options available for quick service

Turnaround times

- 1) Samples: 7 to 8 days plus shipping time
- 2) 10-500 units per product: 3 to 30 days plus shipping time
- 3) 500-1000 units per product: 14 to 30 days plus shipping time
- 4) Salon Professional Products: 3 to 14 days plus shipping time
- 5) Bulk Products: 3 to 30 days plus shipping time

Step 5: We make, fill & label your products

Label Design

All successful brands require high-quality on-brand labels. You have three options when it comes to designing your product labels:

OPTION ONE:

Customize our professionally designed label templates.

Want to D.I.Y but feel a bit overwhelmed? We have templates available to get you started! Simply purchase and add your fonts, colors, logo, and artwork.

These templates have been created to match the sizing of our bottles and have been set up with all the legal requirements built into them, including legal font sizes, cautions & icons.

Please note these are templates only and do not come with any design support, so you must proofread and check thoroughly before you send them to your printer!

OPTION TWO:

Hire a designer If you have the budget and want a polished and professional job, hiring a designer is the way to go.

You'll need to provide them with your chosen label's wording, information, colors, and artwork.

You'll need to provide the Label Information catalog to your designer so they can create a label to the correct size with the proper ingredients and legal requirements.

OPTION THREE:

D.I.Y

A budget-friendly option for the creatively minded!

You can use a program like Canva to design your labels.

Read carefully through the above Label Information catalog for the correct information concerning ingredients, label sizes, and legal requirements when designing your labels.

Step 6: Get set & go- products dispatched from our end

The product is coming to your door, so relax and wait.

The final step is getting the products ready to be dispatched from our end to the company. We will ensure that the products meet quality check standards, pack and label the products with the company's branding, and coordinate the delivery of the products to the company.

Label Printing

In order to ensure that your product is seen as high quality and top-of-the-line, it is important to recommend a label designer.

So here we are to help you get the best designer who will take care of all the requirements of your label printing needs. You can connect with our Business Development team to understand these recommendations.

FAQs

Q. *What does the pricing listed in this catalog include?*

A. The product and packaging are included in our pricing and GST after billing. The design and printing of labels are not included in the pricing.

Q. *Are there any hidden costs?*

A. No, we are very upfront about what is and isn't included on this page and in our catalog. You pay at the check-out, including your products, GST, and domestic postage. The final price consists of the outer carton, transport cost, master carton, shrink charges & labor charges. Outside of this, you are required to have your labels designed. That's all! If you wish to use your packaging and caps, this will incur an extra fee.

Q. *Is your packaging recyclable?*

A. All our packaging is recyclable. The caps and fittings do need to be removed before recycling.

Q. *Can I supply my packaging for you to fill?*

A. Yes, we do product filling service at NGPL.

Q. *Does your products come with boxes?*

A. Adding the outer boxes is up to your preference.

Q. *Are you Certified Organic?*

A. We are a certified organic & natural cosmetic care brand in India. The ingredients used in the manufacturing of our products are sourced right from the fields that are grown organically.

Q. *Do you offer drop shipping?*

A. No, we don't.

Q. *Do you export your products overseas?*

A. Yes, we ship worldwide.

Q. *What is the shelf life of the products?*

A. Our shelf life ranges from 36 months from the date of purchase. Shelf life is mentioned on each product.

Q. *Do you design my labels for me?*

A. Our shelf life ranges from 36 months from the date of purchase. Shelf life is mentioned on each product.

Q. *Will you apply my labels to my packaging if I send them to you?*

A. Yes, we do offer this service.

Q. *I've tried your samples (which I love!) but am still trying to decide which products to include in my range. HELP!*

A. We understand that making a final decision about your products is a biggie, so you can contact our business development team anytime to get help, and they will guide you to get started.

Q. *Can I buy samples in bulk from you to provide to my customers?*

A. No, we only supply samples for prospective NGPL brands to sample, not for them to sell to their customers. You can easily create your samples, though.

Q. *I'm worried about people finding out I use a private labeling company. Is my anonymity ensured when I work with NGPL?*

A. NGPL will never reveal your identity or give your details to a third party. As well as this, all NGPL staff are made to sign confidentiality agreements. Your anonymity is of utmost importance to us, and we do everything within our power to maintain it.

Q. *Can I see some of your brands?*

A. Due to confidentiality, we cannot disclose any of our brands.

Q. *Am I able to modify your products? I'd like to take out and add some ingredients of my choosing.*

A. Yes, we can customize and do the required modification per your needs.

Q. *I want a unique product of my own. Can you custom-create it for me?*

A. Depending on your needs, we can customize and make the necessary modifications.

Q. *I don't have any business experience. Can I still run a successful skincare business?*

A. While it does help, as long as you're willing to learn, you don't need any business experience to succeed. The great thing about NGPL is that we provide you with a high-quality product (which is key when running a successful business); you just need to learn how to market it effectively.

Q. *Are NGPL products FDA-approved?*

A. Yes, NGPL products are FDA approved.

Q. *What are the turnaround times?*

A. NGPL shipping takes 14 to 30 days to deliver your product safely.

Please note that if you supply your packaging for us to fill, these turnaround times will not begin being calculated once your packaging arrives at our lab.
